Re: Support for Full Remediation of the 14 CRITICAL Findings in the Native Chaos Holdings Dillon's Rule Audit of Chandler City Code

Dear Mayor, Council Members, and [Agency Officials]:

I am a resident / taxpayer / concerned citizen of Chandler, Texas (or Henderson County / Texas). I have reviewed the independent Dillon's Rule compliance audit released by Native Chaos Holdings on August 9, 2026 (pre-release courtesy packets were sent to agencies on July 10–11, 2026).

I am writing to urge the City of Chandler to: 1. Immediately cease enforcement of the 14 CRITICAL provisions identified in the audit (ultra vires oil production tax, preempted oil/gas well-construction standards, outdated building/energy codes, illegal HOT diversion, unlawful \$2,000 Class C penalties, conflicting judge provisions, parkland exaction without nexus, an overdue drought contingency plan update, and race/sex data collection requirements). 2. Adopt a public remediation plan with clear timelines (CRITICAL items within 90 days) and report progress at every City Council meeting. 3. Provide a full accounting and refund/credit of any fees, fines, or taxes collected under void or ultra vires provisions.

I also respectfully request that [Agency] take appropriate administrative or enforcement action within its jurisdiction and keep the public informed of any guidance or findings.

This is not about politics. It is about the rule of law, Dillon's Rule limits on general-law cities, and protecting taxpayers. I support transparency and full compliance.

Thank you for your attention and for serving the public.

Sincerely,

[Your Full Name]

Resident / Taxpayer
